

JICA Training Course (JFY2009)
“Hydro-Electric Power Engineering for Stable and Sustainable Supply
(for Electric / Mechanical Engineers)”

July 2009, JEPIC-ICC

Japan Electric Power Information Center, International cooperation Center (JEPIC-ICC) performs technical training program under the contract with JICA.

Date	June 2 nd to July 8 th 2009
Organization	Japan Electric Power Information Center Electric Power Development Co., Ltd
Participant	Total 10 participants: Ethiopia, Garna, Iraq, Laos, Mongolia, Nepal, Samoa, Tanzania, Uganda, Zimbabwe
Subject	<ul style="list-style-type: none"> • Lecture <ul style="list-style-type: none"> Hydropower development technology (including environmental considerations), Operation and maintenance technology, Technology for prolonging lifetime of E/M facilities, Rural electrification, Outline of electric power industry in Japan, etc. • Site Visit <ul style="list-style-type: none"> Kawagoe Regional Office, See Water Pumped Storage Hydropower Plants, Ishikawa Coal-fired Thermal Power Plant, Nukabira Hydropower Plant, Katsurazawa Power Station, etc.
