

ASEAN Seminar in Japan on “Electric Power System Management” 2012

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN Countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as technical basis, management method and human resources development.

JEPIC has invited participants from ASEAN Countries since 1991 (ASEAN Seminar in Japan), and sent lectures to ASEAN Countries since 1992 (Local Seminar).

ASEAN Seminar in Japan was held by close cooperation with The Chugoku Electric Power Company, which outlines are shown below;

Date	September 24 th ~ October 5 th 2012
Theme	Electric Power System Management
Participant	Cambodia, Laos Total 6 participants
Organization	Japan Electric Power Information Center The Chugoku Electric Power Co., Inc.
Subject	<Lecture> Outline of the Electric Power Industry in Japan Per-Unit System, Load Flow Calculation, Voltage Adjustment & Voltage Stability, Frequency Control, System Planning Philosophy, System Stability, Protection Relaying Systems Fundamentals <Site Visit> Unmanned Extra High Voltage Sub Station, Photovoltaic Power Station, Central Load Dispatching Center, Underground Substation, Training Center, Pumped Storage Hydro Power Station, Control Center
