

Seminar in Laos on “Maintenance of Protective Equipments in Substation” 2012

December 2012, International Cooperation Center (ICC), JEPIC

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN Countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as technical basis, management method and human resources development.

One of the programs, JEPIC held local seminars for Electricite Du Laos (EDL) & Electricite Du Cambodge (EDC) together from fiscal 2006 for 5 years. Subsequently, JEPIC holds local seminars for EDL and EDC respectively from fiscal 2011.

In cooperation with Chubu EPCo., Inc., JEPIC and EDL held the 2nd seminar in Laos on December 2012, which outlines are shown below;

Date of the Seminar: 4th – 6th December, 2012
Seminar Place: Vientiane City, Laos
Theme of the Seminar: Maintenance of Protective Equipments
in Substation
Mission Member from Japan: Two experts from Chubu EPCo., Inc. and JEPIC
Two secretaries from JEPIC

47 EDL persons of Transmission and Substation Engineers and Training Instructors attended the Seminar from many regions of Laos. After the presentation, we made the fruitful discussion and share opinion as to Maintenance of Protective Equipments in Substation in each country.
