

**JEPIC Seminar in Viet Nam on “Cost Optimization of Maintenance
of Transmission Facilities” 2014**

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen business infrastructures of the electric utilities in ASEAN countries, such as technical basis, management and human resources development.

JEPIC and Vietnam Electricity (“EVN”) launched their bilateral cooperation programs in 1998. The first seminars in Viet Nam and Japan were carried out in 1998 and 1999 respectively. Since the initiation, JEPIC and EVN have held seminars every year in Japan as well as in Viet Nam.

In cooperation with Hokuriku Electric Power Company and Chugoku Electric Power Company, JEPIC and EVN held the 17th Seminar in Viet Nam in August 2014 as below;

- Date of the Seminar : August 26th to 28th, 2014
Seminar Place : Hanoi, Viet Nam (EVN Headquarters)
Theme of the Seminar : Cost Optimization of Maintenance of Transmission Facilities
Participants : 32 persons from EVN and its affiliates
Mission Member : 2 experts from Hokuriku Electric Power Co., Inc.
2 experts from The Chugou Electric Power Co., Inc.,
2 secretaries from JEPIC
