JEPIC

## **JEPIC Seminar in Indonesia on “Safety Management in Thermal Power Plants” 2016**

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as basic and expertise technologies, management and human resources development.

JEPIC and PLN, the Indonesian electric power corporation, launched their bilateral cooperation program in 1991 by holding the first seminar in Japan. The first visiting seminar in Indonesia was carried out in 1992. After the initiation, JEPIC and PLN have been continuing annual seminars in Japan as well as in Indonesia.

In cooperation with Tokyo Electric Power Company and Tohoku Electric Power Company, JEPIC and PLN held the 25<sup>th</sup> seminar in Indonesia in August 2016, as outlined below;

Date of the Seminar : August 29<sup>th</sup> to 31<sup>st</sup>, 2016

Seminar Place : Jakarta City, Indonesia

Theme of the Seminar : Safety Management in Thermal Power Plants

Participants : 70 participants from PLN

Mission Members : 2 experts from Tokyo Electric Power Company  
Fuel and Power Company, Inc.  
2 experts from Tohoku Electric Power Co., Inc.  
2 secretaries from JEPIC

70 PLN participants of Thermal Power Engineers and Safety Management attended the Seminar from many regions of Indonesia. After the presentation, we had a fruitful discussion and shared opinions as to Safety Management in each Power Plant.
