

JEPIC Seminar in Japan for Cambodia, Laos and Sri Lanka FY2019

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as basic and expertise technologies, management method and human resources development.

JEPIC has invited participants from ASEAN Countries since 1991 (ASEAN Seminar in Japan), and sent lecturers to ASEAN Countries since 1992 (Local Seminar).

We held the seminar for Cambodia, Laos and Sri Lanka as outlined below;

Date	January 20 th - January 31 th , 2020
Theme	The Impact of Renewable Energy into the Grid
Participants	Cambodia (3), Laos (3), Sri Lanka (3) Total 9 participants
Organization	Japan Electric Power Information Center, Inc. The Kansai Electric Power Co., Inc.
Subject	<p><Lecture> Outline of Electric Power Industry in Japan, Influence and Challenges on the Reliable Power Supply with High Penetration of Renewable Energy, Protection System for Power Grid, Principles of Power System Planning, Grid Interconnection for Photovoltaic Power Generation System, etc.</p> <p><Site Visit> Kihoku Converter Station, Hokusetsu Distribution Center, Sakai Solar Power Station, Keage Hydropower Station, Takaoka Toko Co., Ltd. Oyama Factory, etc.</p>
