Japan Electric Power Information Center, Inc.

### FY2020 JEPIC Remote Seminar for Indonesia

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as basic and expertise technologies, management and human resources development.

JEPIC and PLN, the Indonesian electric power corporation, launched their bilateral cooperation program in 1991 by holding the first seminar in Japan. The first visiting seminar in Indonesia was carried out in 1992. After the initiation, JEPIC and PLN have been continuing annual seminars in Japan as well as in Indonesia.

In cooperation with Hokkaido Electric Power Network Company and Chubu Electric Power Grid Company, JEPIC and PLN held a remote seminar via Internet, as outlined below;

Date of the Seminar : 18th February - 23rd March, 2021

Theme of the Seminar : Improvement of SAIDI and SAIFI level in Existing Electric Power System

Seminar method : Distribution of lecture text / movie  
Q & A via Web Meeting

Mission Members : 1 experts from Hokkaido Electric Power Network Co., Inc.  
2 experts from Chubu Electric Power Grid Co., Inc.  
1 experts from JEPIC  
1 secretaries from JEPIC

The cumulative total of 135 participants from PLN in 2 days attended the Q & A Session held on a web meeting system, and we had a fruitful discussion and shared opinions.
