

January 2022

Japan Electric Power Information Center, Inc.

2021 HAPUA-JEPIC Webinar

Japan Electric Power Information Center (JEPIC) co-hosted 2021 HAPUA-JEPIC Webinar with the Heads of ASEAN Power Utilities/Authorities (HAPUA). This symposium was conducted as purpose of enhancing mutual cooperation and exchanging information among all ASEAN utilities and JEPIC under the MOU between HAPUA WG5-HUMAN RESOURCE and JEPIC.

Due to the COVID-19 pandemic, this year's symposium was held as a webinar instead of a face-to-face meeting.

Date:

December 17th, 2021

Theme:

Optimizing Renewable Energy Source in the Power System and Solutions for Technology Application in the Digital Transformation

Presenters from Japan:

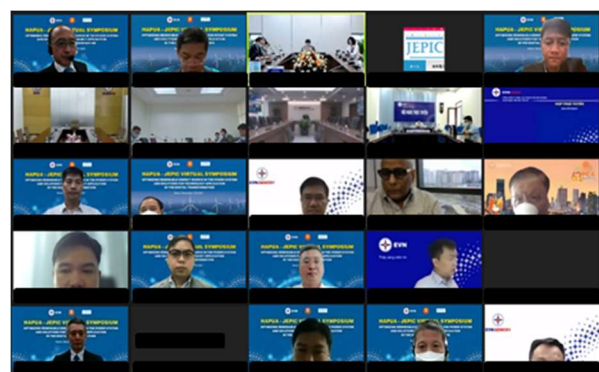

The Okinawa Electric Power Co., Inc. and JEPIC

Participants:

About 200 (from HAPUA member countries and Japan)
