Japan Electric Power Information Center, Inc.

FY2021 JEPIC Remote Seminar for Sri Lanka

JEPIC has been conducting bilateral seminar program with electric utilities in Asian countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as basic and expertise technologies, management and human resources development.

Since 2020, JEPIC and CEB, Ceylon Electricity Board, have planned the first seminar in Sri Lanka. However, considering the Covid-19 situation, we held a remote seminar via internet as the alternative program, in cooperation with Hokkaido Electric Power Company, Hokkaido Electric Power Network Company and Chubu Electric Power Grid Company as outlined below;

Date of the Seminar : January 24th - March 10th, 2022

Theme of the Seminar : Reactive Power Management and Voltage Control
Electricity Tariff Structure

Seminar method : Distribution of lecture text /movie
Q & A via Web Meeting

Mission Members : 1 experts from Hokkaido Electric Power Co., Inc.
1 experts from Hokkaido Electric Power Network Co., Inc.
2 experts from Chubu Electric Power Grid Co., Inc.
1 secretaries from JEPIC

The cumulative total of 43 participants from CEB in 2 days attended the Q & A Session held on a web meeting, and we had a fruitful discussion and shared opinions.
