

October 2024

Japan Electric Power Information Center

Indonesia-Japan Electric Power Industry Workshop in Jakarta on "Solar Photovoltaic Utilization for Sustainable Electricity" 2024

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as basic and expertise technologies, management and human resources development.

JEPIC and PLN, the Indonesian electric power corporation, held their bilateral cooperation workshop in 2022 at the first in Jakarta. After the initiation, JEPIC and PLN will have been continuing annual workshop in Indonesia as well as in Japan.

In cooperation with Hokkaido Electric Power, Hokuriku Electric Power Transmission & Distribution, Kansai Electric Power, Chubu Electric Power Grid, Okinawa Electric Power, JEPIC and PLN held the 4th - 5th workshop in Indonesia in September 2024, as outlined below;

Date of the Workshop : 4th - 5th September, 2024

Workshop Place : Jakarta City, Indonesia

Theme of the Seminar : "Solar Photovoltaic Utilization for Sustainable Electricity"

Participants : 5 engineers and approx.50 participants from PLN

Mission Members : 1 expert from Hokkaido Electric Power Co., Inc.
1 experts from Hokuriku Electric Power Transmission & Distribution Co.,
1 expert from The Kansai Electric Power Co., Inc.
1 experts from Chubu Electric Power Grid Co., Inc.
1 expert from The Okinawa Electric Power Co., Inc.
4 secretaries from JEPIC

Approx.50 PLN participants attended the Workshop from many regions in Indonesia. After the presentation, we had a fruitful discussion and shared opinions.
