

FY2024 JEPIC Seminar in Laos on "Relay protection for transmission line"

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen business infrastructures of the electric utilities in ASEAN countries, such as technical basis, management and human resources development.

Since 2006, JEPIC has held local seminars for Electricite Du Laos (EDL) using lecturers dispatched by one of the Japanese power companies as well as providing lecturers in alternate years either from JEPIC or EGAT (Electricity Generating Authority of Thailand).

In cooperation with Hokkaido Electric Power Network, Inc., JEPIC and EDL held the seminar in Laos on December 2024, which outlines are shown below;

1. Date of the Seminar : December 9th to 11th, 2024
2. Seminar Place : Vientiane
3. Theme of the Seminar : Relay protection for transmission line
4. Participants : 40 participants from EDL
5. Mission Members : 2 experts from Hokkaido Electric Power NW, Inc.
3 secretaries from JEPIC
