

## INDONESIA-JAPAN ELECTRIC POWER INDUSTRY WORKSHOP in Japan on "Energy Transition" 2025

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the programs is to strengthen their business infrastructure, such as basic and advanced technologies, management and human resources development.

JEPIC and PT PLN (Persero), Indonesia's state-owned electricity company, held their bilateral cooperation workshop, an annual event hosted alternately between the two countries since 2022.

In cooperation with Hokkaido Electric Power Co., Inc., TEPCO Renewable Power, Inc., Hokuriku Electric Power Transmission & Distribution Company, Kansai Electric Power Co., Inc., and Electric Power Development Co., Ltd. (a.k.a. J-POWER), JEPIC and PLN held the workshop in Japan in 2025, as outlined below;

- Dates of Visit : 29th September - 3rd October, 2025
- Destinations : Tokyo and Kyoto, Japan
- Visiting Organization : PT PLN (Persero), Indonesia
- Theme : Energy Transition
- Presenters (Japan) : Hokkaido Electric Power Co., Inc.,  
TEPCO Renewable Power, Inc.,  
Hokuriku Electric Power Transmission & Distribution Company,  
Kansai Electric Power Co., Inc.,  
Electric Power Development Co., Ltd. (a.k.a. J-POWER)  
(secretariat) JEPIC

Following the presentations from both countries, approximately 60 online participants from Japanese companies took part in highly interactive and lively daily discussions.
