

March 2026

Japan Electric Power Information Center

FY2025 JEPIC Seminar in Cambodia on "Challenges in Connecting Rooftop Solar to the Grid"

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen business infrastructures of the electric utilities in ASEAN countries, such as technical basis, management and human resources development.

Since 2006, JEPIC has held local seminars for Electricite Du Cambodge (EDC) using lecturers dispatched by one of the Japanese power companies as well as providing lecturers in alternate years either from TNB (Tenaga Nasional Berhad, Malaysia).

1. Date of the Seminar : January 26th to 28th, 2026
2. Seminar Place : EDC hall (Phnom Penh)
3. Theme of the Seminar : Challenges in Connecting Rooftop Solar to the Grid
4. Participants : Approx. 30 participants from EDC
5. Mission Members : 2 experts from Hokkaido Electric Power Network, Inc.
3 secretaries from JEPIC
